

GOD'S PLAN FOR BLESSING

We believe tithing is God's plan for bringing blessing into the lives of His people. It has been, is, and will be, His intention for His Kingdom work to be financed by tithing and giving. The Church of God has long maintained tithing and giving as a doctrinal commitment and called for members to tithe into the local church where they are members.

As Pastors, it falls upon us to faithfully teach those under our care how to experience the blessings of God. To fail to teach the truths found throughout scripture about the blessings associated with tithing robs the church of profound truth which can revolutionize the lives of many. We should not fear teaching our people these truths, for they are part of the "whole counsel of God" (Acts 20:27).

Included in this packet are a series of short, less than three minutes each, teachings designed to provide you with teaching points about tithing for the following five-Sunday months: October 2023, December 2023, March 2025, and June 2024. Two of the teachings are based upon "Top-Ten" ideas and can stretch over a two-month period. The final teaching, June 2024, is set up so you can produce a laminated bookmarker to distribute to your congregation which keeps before them the idea that tithing brings the blessing of God.

It is my hope you will employ these short teaching sessions to challenge those not tithing to join the millions of believers around the world who personally experience the blessings God provides to the tither. Individuals within your church, your church as a whole, indeed the entire Kingdom of God, be blessed as new tithers join us and those who have dropped out of tithing begin anew in their search for God's Plan Of Blessing in their life.
